

2023 | BIOL 2251L

Anatomy and Physiology I Lab Manual

Written and compiled by the Anatomy and Physiology
faculty at Abraham Baldwin Agricultural College.

Tifton | Bainbridge

Contributing Authors

2nd Edition Team

Heather Cathcart, Professor
hcathcart@abac.edu
(229) 391-5119

Gina Profetto, Assistant Professor
gina.profetto@abac.edu
(229) 391-5269

Amber Howard, Assistant Professor
amber.howard@abac.edu
(229) 391-5113

Ariel Hunt, Lecturer
a.l.hunt@maranausd.org
(520) 705-6743

Kingsley Dunkley, Professor
kdunkley@abac.edu
(229) 391-5104

Jenny Harper, Professor
jennifer.harper@abac.edu
(229) 391-5106

Richard (Tony) Matthews, Assistant Professor
richard.matthews@abac.edu
(229) 243-3164

1st Edition Team

Leslie Pryor McIntosh
DeLoris Hesse
Andrew McIntosh
Heather Cathcart
Arielle Hunt
Kingsley Dunkley

Table of Contents

Exercise 1 Introduction to the Human Body

Exercise 2 Microscopy and Cells

Exercise 3 Tissues: Epithelial and Connective

Exercise 4 Axial Skeleton

Exercise 5 Appendicular Skeleton

Exercise 6 Joints and Muscle Tissue

Exercise 7 Axial Muscles

Exercise 8 Appendicular Muscles

Exercise 9 Nervous Tissue with an Overview of Spinal Cord

Exercise 10 Brain Anatomy and Senses

Figure References

Exercise 1: Introduction to the Human Body
